October 7, 2014

The Hot Springs County Board of Commissioners met in regular session on Tuesday, October 7, 2014 at 9:00 a.m. in the Commissioners Room at the Government Annex.

Present were Commissioners Mike Baker, Brad Basse and John Lumley. Also present were County Clerk Nina Webber, County Attorney Jerry Williams and Administrative Assistant to the Commissioners Penny Herdt. Chairman Baker led those present in the Pledge of Allegiance.

Approval of Agenda

Brad Basse made a motion to approve the agenda as presented. John Lumley seconded the motion. Motion carried.

Approval of Minutes

John Lumley made a motion to approve the minutes of the regular meetings on September 2, 16 and 22, 2014 as presented. Brad Basse seconded the motion. Motion carried.

Maintenance Monthly Report

Maintenance Foreman Chuck Carver provided a rough estimate for repairs to the roof of the museum prepared by Dave Kauffman of Roofing Solutions, Inc. out of Montana. Mr. Kauffman has proposed to do an audit to establish the project requirements, and handle the preparation and issuance of the request for bid proposals for an estimated cost of \$3,500.00 - \$4,000.00. Brad Basse moved to authorize Chuck Carver to secure the services of Mr. Kauffman for the contract and bidding phases for the repair of the museum roof for an amount not to exceed \$4,000.00, with funds to come from the Capital Projects-Museum Roof Replacement line item. John Lumley seconded the motion. Discussion: any additional funds required for the roof repair project will be requested through Consensus Grant project funds. Motion carried.

Mr. Carver notified the Commissioners that he has been informed that pricing for the elevator maintenance contract will increase 3.35% this year – an unbudgeted increase of roughly \$100.00 annually.

Mr. Carver reported that TRANE representatives came to work through the final issues with the WYECIP project last week. He feels that TRANE has now done all that can be expected of them to resolve the ongoing issues with the project and recommended that the Commissioners sign the Certificate of Final Completion when it is received and release the final payment.

Regarding the front doors to the Courthouse, Mr. Carver reported that he has identified an online source that will allow custom design of new doors that would be similar in style and appearance to the current doors, but with much greater safety and efficiency ratings. He is continuing work on this project.

Mr. Carver will be gone on vacation October 15-25th.

Road & Bridge Monthly Report

R&B Supervisor Dave Schlager reported that the fall blading is mostly complete. Road & Bridge has done extensive grader and pothole patching on Black Mountain Road in preparation for winter and has used a large portion of the stockpiled cold mix. The equipment has been winterized. A washout along the canal on East River Road required some guardrail replacement which is now complete. Mr. Schlager notified the Commissioners that Road & Bridge personnel have started their winter schedule of working eight hour days, five days a week. He reminded the Commissioners of the RAMP work session to be held on October 21st from 2-4 p.m. at the Annex.

Mr. Schlager presented the Commissioners with a purchase order for the new grader. Honnen Equipment requires a signed purchase order before they will order the equipment. As the purchase of the grader was approved at the last regular Commission meeting, Chairman Baker signed the purchase order for submission to Honnen Equipment.

Clerk Webber presented paperwork for the Commissioners to fill out as required by the bank for their Customer Identification Program. After reviewing the paperwork, Brad Basse moved to approve

Resolution 2014-06 authorizing the Chairman to sign municipal lease agreements as the County representative as follows:

RESOLUTION 2014-06

AUTHORIZING THE CHAIRMAN'S SIGNATURE ON MUNICIPAL LEASES

WHEREAS, the County of Hot Springs desires to purchase Capital Equipment using the Municipal Lease form of financing to avoid binding of future Commissioners to other forms of purchase financing, and

WHEREAS, the Commissioners desire to designate the Board Chairman as the County's representative/signor on the Municipal Lease document as authorized under State Statute,

THEREFORE, the Hot Springs County Board of Commissioners hereby resolves that the Chairman of the Board of Commissioners is authorized to act as the signor for all municipal leases entered into by Hot Springs County.

APPROVED, PASSED AND ADOPTED THIS 7th day of October, 2014.

BY THE BOARD OF COMMISSIONERS, HOT SPRINGS COUNTY, WYOMING

ATTEST:

Mike Baker, Chairman
Brad Basse, Vice Chairman
John Lumley, Commissioner

Nina Webber, Hot Springs County Clerk

. John Lumley seconded the motion. Discussion: The intent of this resolution is to authorize the Chairman's signature on any and all municipal leases entered into by the County, including the lease with Bank of Thermopolis for the new grader currently under discussion. Motion carried.

South Thermopolis Water & Sewer District Project Utility Licenses Agreement Variance

Heath Overfield presented the Commissioners with a variance request for an open cut on Lane 7 as part of the STWSD Expansion Project. The variance requested is to open-cut Lane 7 at the intersection of County Roads #33, #34, and #34E, as the existing utilities and culverts under the County Road prevent the initially proposed alignment to be followed. Road & Bridge Supervisor Schlager has recommended the variance request for approval with four conditions of approval, which Mr. Overfield agreed to meet. After reviewing the plan and conditions, Brad Basse moved approval of South Thermopolis Water & Sewer District's Expansion Project Utility License Agreement variance request for an open cut at the intersection of Lanes 7 (CR #33) and 12 (#34), subject to the following conditions:

1. The culverts under Lane 7 and the Simons driveway will be replaced to Hot Springs County specifications.
2. The pipe under Lane 7 will be cased to within the required limits of the County Road #33 right-of-way line (or extension thereof).
3. The trench through Lane 7 will be backfilled with one-sack cement treated backfill.
4. A twelve (12) foot (minimum) patch will be machine-paved across Lane 7 to minimize the rough transition of the patch.

John Lumley seconded the motion. Motion carried.

Planner Monthly Report

Planner Bo Bowman distributed copies of the final Natural Resources Plan for State & Federal Lands. This document is available for viewing on the County website. The NRPC will meet October 8th at 6:00 p.m. Due to the lack of a quorum on October 15th, the Land Use Planning Board has moved the Public Hearing on the Bobcat Storage Subdivision to October 22nd. The Kirby Creek (Hillberry) Subdivision Final Plat is not yet ready for approval. Brad Basse moved to table approval of the Kirby Creek Subdivision Final Plat to the October 21st meeting. John Lumley seconded the motion. Motion carried.

Youth Alternatives Monthly Report

Director Alan Rossler reported there are currently six participants in his program, and one on probation through Circuit Court. There was one 48-hour hold in September. Mr. Rossler presented his quarterly drawdown request for July 1 – September 30, 2014. John Lumley moved to authorize the chairman's signature on the Drawdown Request for the VOANR/OJJDP 2011 Non-Participating State Award Sub-Grant CFDA #16.540 for the time period of 07/01/14-09/30/14 in the amount of \$6,017.13. Brad Basse seconded the motion. Motion carried. Mr. Rossler notified the Commissioners that he plans to resign from his position effective the end of November for family reasons. The County Attorney asked Mr. Rossler to

consider taking a furlough instead of resigning. Mr. Rossler agreed to take this option under consideration and return on the 21st to discuss the possibility.
