COUNTY OF HOT SPRINGS)

OFFICE OF THE BOARD OF
COUNTY COMMISSIONERS
THERMOPOLIS WYOMING
August 6, 2013

The Hot Springs County Board of Commissioners met in regular session on Tuesday, August 6, 2013 at 9:00 a.m. in the Commissioners Room at the Government Annex.

Present were Commissioners Brad Basse, John Lumley and Mike Baker. Also present were County Clerk Hans Odde, County Attorney Jerry Williams and Administrative Assistant to the Commissioners Penny Herdt. Chairman Basse led those present in the Pledge of Allegiance.

Approval of Agenda

Mike Baker made a motion to approve the agenda as presented. John Lumley seconded the motion. Motion carried.

Approval of Minutes

John Lumley made a motion to approve the minutes of the regular meetings on June 28, July 2, July 15, and July 16, 2013 as presented. Mike Baker seconded the motion. Motion carried.

Approve Bills

The following bills were submitted for approval: (see attached). Payroll for July, 2013 - \$171,966.45 .

Executive Session – Potential Land Purchase

Mike Baker moved to enter into Executive Session at 10:05 a.m. to discuss a potential land purchase. John Lumley seconded the motion. Discussion: Those in the Executive Session included the Commissioners, Clerk Odde, County Attorney Jerry Williams, Road & Bridge Supervisor Ray Shaffer and Administrative Assistant Herdt. Nate and Maecile Brown joined the Executive Session in progress. Mike Baker moved to exit the Executive Session at 10:55 a.m. John Lumley seconded the motion. Motion carried. No action was taken during or as a result of the Executive Session

Road and Bridge Monthly Report

Road Naming Issue – Coalmine Draw Road – R&B Supervisor Ray Shaffer reviewed the process leading up to the naming of the road coming off Grass Creek Road leading to Nate and Maecile Brown's driveway. All affected landowners have been contacted regarding suggested names for the road. The majority of landowners responding preferred Coalmine Draw Road. Mike Baker moved to approve naming the road Coalmine Draw Road. John Lumley seconded the motion. Discussion: this is not an official county road, and naming it does not make it one. Motion carried. Mr. Shaffer pointed out that, although the County Road Naming guidelines require the people requesting a new road name to pay for signage, he felt the county should waive this requirement for this particular road, as it is part of the road mapping system for the county but has never been formally listed on the inventory before, and signage will make it easier for emergency and law enforcement responders to locate addresses on the road. Mike Baker moved to waive the fee requirement for road signage on Coalmine Draw Road. John Lumley seconded the motion. Motion carried.

Brown Pit Materials Agreement – Mr. Shaffer presented a materials agreement with Nate and Maecile Brown for material from the Brown Gravel Pit for the Commissioners' consideration. After reviewing the agreement, Mike Baker moved to approve the Material Sale Agreement between Hot Springs County and Nate & Maecile Brown, Trustees, for 10,000 cubic yards of gravel from the Brown Pit at the rate of \$1.00 per cubic yard for a total dollar amount of \$10,000.00, with a modification to Item 7 in the agreement to change the liability insurance limits to conform to State Statutory requirements. John Lumley seconded the motion. Discussion: Funds to come from the Road & Bridge Materials budget line item. Motion carried.

General Update – Five hundred tons of cold mix has been purchased from McGarvin Moberly and is stockpiled at the County pit. The new radios have been installed in all the county trucks. Grading continues on the county roads, with flash flood damage repairs as well as regular grading. The kick-off date for the chipping project is August 19th, with the project anticipated to last one week. The big mower is undergoing repairs again and is expected to be back in service shortly. Mr. Shaffer reported that there will need to be a crushing project this fall and asked the Commissioners to approve advertising for engineering proposals for the project. Mike Baker moved approval of advertising for engineering proposals for the gravel crushing project. John Lumley seconded the motion. Discussion: Clerk Odde will work with Mr. Shaffer to prepare and insert the advertising in the local paper. Motion carried. Mr. Shaffer

stated that the funding request paperwork for the guardrail project has been completed and will be submitted to the state board for consideration within the next three weeks. A funding determination should be reached with the next two months. Mr. Shaffer reminded the Commissioners that the submission date for access funding requests for the Black Mountain Road project is sometime in October/November and recommended that a grant writer be engaged to begin this process as soon as possible. The Grass Creek Road project is substantially complete and the rented hammer machine has been returned.

Plow Truck Bid Opening – Clerk Odde presented the sealed bids received for the new plow truck for Road & Bridge. Prior to opening the bids, Clerk Odde reported that he had received a call from one of the bidders after the deadline for submission of the bids stating that more rebates had become available and asking if the new rebates could be applied to the company's bid price prior to awarding the bid. The Commissioners agreed that this would be unfair to the other bidders and declined to allow consideration of the additional rebates in the bid award discussion. Clerk Odde then opened the bids. Bids were received as follows:

Tri-State Truck & Equipment	\$147,257.50 Total Bid	
Jack's Truck & Equipment	\$146,946.00 Total Bid	\$158,561.00 – Alternate Box Spec Total
CMI-TECO	\$142,700.00 Total Bid	
Peterbilt of Wyoming	\$162,349.00 Total Bid	
Lariat International	\$163,189.00 Total Bid	

The bid documents were turned over to R&B Supervisor Ray Shaffer for tabulation and review. Mr. Shaffer will present the results of his review to the Commissioners at the August 20th Commissioners' meeting, at which time the Commissioners will award the bid.

Nate and Maecile Brown Lane Name Request

Nate and Maecile Brown appeared before the Commissioners to request the lane coming off Coalmine Draw Road leading to their residence be formally named Brown Lane. After discussion with Mr. Shaffer and Dan Webber from the Assessor's office establishing there are no other roads containing the name Brown in the official map system, John Lumley moved to approve naming the road leading to the Nate and Maecile Brown residence off of Coalmine Draw Road as Brown Lane. Mike Baker seconded the motion. Discussion: the Browns will be responsible for the cost of signage for this road as they are requesting a name for a private road. Motion carried.

Appoint Road and Bridge Supervisor

Three applicants were interviewed on August 2, 2013. After discussion of the applicants' relative abilities and experience, Mike Baker moved to appoint Dave Schlager as the new Road & Bridge Supervisor, effective September 1, 2013, at an annual salary of \$43,500.00. John Lumley seconded the motion. Motion carried.

Maintenance Monthly Report

Maintenance Foreman Chuck Carver reported that he has evolved into the primary manager for the phone system, but is directing those requesting upgrades and/or new phones to bring their requests before the Commissioners, as he has no budget for phone equipment. Custodian Shay Conner is on medical leave at the moment and is expected to be off a total of six to eight weeks. The problems with the sallyport door have been traced to a bad card. A new card is on order and will be installed as soon as it arrives.

WYECIP Project - TRANE Report – TRANE representative Dan Marshall appeared to update the Commissioners on the WYECIP project. All work has been completed at the Fair Building and the Community Counseling Center. The lighting projects will be essentially complete by the end of the day. An additional \$3,175.00 in rebates has been identified, so Mr. Marshall asked that the Commissioners sign off on the rebate forms. Project commissioning, measurement and validation are scheduled for next week. Mr. Marshall anticipates final project closeout and report on August 20th.

Airport Update

FAA-AIP #02 Request for Reimbursement #21– Clerk Odde presented FAA Request for Reimbursement #21 for the Commissioners' approval. John Lumley moved to approve FAA Project 3-56-0043-02 RFR #21 in the amount of \$330,466.00. Mike Baker seconded the motion. Motion carried.

WYDOT - Aeronautics Division THP-11C-2807 Request for Reimbursement #21 – Clerk Odde presented WYDOT-Aeronautics Division Request for Reimbursement #21 for the Commissioners' approval. John Lumley moved to approve WYDOT-Aeronautics Division Project THP-11C-2807/FAA #3-56-0043-02 RFR #21 in the amount of \$10,435.00. Mike Baker seconded the motion. Motion carried.

Project Update – Phase II – Mr. Gilb reported that the contractor is currently on day 92 of the 82 day contract for Phase II. As previously discussed, Mr. Gilb has drafted a letter to the contractor adding four additional days to the contract due to weather delays. No response has been received from the contractor at this time regarding the additional days. Mr. Gilb estimates the project will take 110 -120 days to complete overall. Discussion and decision regarding liquidated damages will occur when the project is closer to completion.

Phase III Update – Mr. Gilb reported that the FAA feels confident that Hot Springs County will receive Phase III funding in the third round of discretionary funding, which they anticipate will occur about the first week of September. In addition, extra funding may be available for construction of the parallel taxiway. In light of this information regarding Phase III funding, Mike Baker moved to formally request a written extension of the bid hold date for 45 days from the original expiration date of August 15, 2013 from Paul Reed Construction. John Lumley seconded the motion. Discussion: GDA will contact Paul Reed Construction to request the extension in writing and will notify the Commissioners when the extension is received. Motion carried. WYDOT has agreed to consider a request for reimbursement of expenses incurred for legal counsel on the Phase III bid process under the state-only grant. Clerk Odde reported that a refund check has been received from High Plains Power as the underground power placement project came in under budget. Clerk Odde is working on identifying the proper procedure for applying this refund to the FAA and WYDOT grant reimbursements received for this project.

AIP Project #3-56-0043-03 Grant Offer – Clerk Odde presented a Grant Agreement with the FAA for Phase III of New Airport Construction for the Commissioners' consideration. Mike Baker moved to accept the grant offer from the FAA for AIP Project #3-56-0043-03 – Construct New Airport – Phase III – For airport development and noise program implementation in the amount of \$2,799,002.00. John Lumley seconded the motion. Motion carried.

2014 WACIP – Mr. Gilb reviewed the proposed projects on the 2014 WACIP spreadsheet. Discussion ensued regarding prioritizing of the projects on the list. Mike Baker moved approval of the prioritization of the projects as follows:

1. Construct New Airport Phase IV – Lighting, NavAids and Miscellaneous Project
2. SRE Building
3. Design and Construct Parallel Taxiway
4. Design and Construct Taxiway Lighting Project
5. Seal Coat and Mark Airfield Pavements
6. Design and Construct Apron Expansion Project
7. Master Plan
8. Acquire Tractor and Mower
9. Acquire SRE Loader with Blower, Broom and Plow

and authorization of the Chairman's signature on the Pre-Application Data Sheets for Prioritized Projects 1, 3, 4, 5, 6, 8 and 9. John Lumley seconded the motion. Motion carried.

Holden Water Rights Disposition – Clerk Odde reported that the documents for disposition of the Holden water rights have been approved by the Owl Creek Water District. Mike Baker moved approval of the chairman's signature on the Joint Petition & Agreement to Transfer OCID Water Rights between Joseph W. Holden, Holden Land Company, LLC and Hot Springs County Board of County Commissioners. John Lumley seconded the motion. Motion carried.

General Update – Mr. Gilb asked the Commissioners to approve a change in the amount listed on the WYDOT Authority for Rendering Special Services form for review of the plans and onsite inspection for the turnaround and road closure gate from \$87,000.00 to \$2,000.00. Mike Baker moved to approve the change in amount on the ARSS form for review of the plans and onsite inspection for the turnaround and road closure gate from \$87,000.00 to \$2,000.00. John Lumley seconded the motion. Motion carried.

Airport Gate Card Reader/Keypad Replacement

The airport FBO has requested a change in the security gate at the airport from a key card system to a key pad code system. After discussion of the merits of the two systems, Mike Baker moved to replace the key card system with a key pad system on the security gate at the airport. John Lumley seconded the motion. Discussion: the FBO will be instructed to get a couple of cost estimates for the new system and bring those estimates before the Commissioners for approval prior to having the new system installed. Motion carried.

Emergency Management Monthly Report

Emergency Management Coordinator Bill Gordon reported that he has completed and returned the 2013 Homeland Security Grant Program Funding Disbursements form to the Office of Homeland Security.

Fairgrounds Multi-Purpose Building Roof Project

Commissioner Baker reported that his inspection of the roof and ceiling of the Multi-Purpose Building suggests that at least 40% of the original roof panels are rusted through from underneath, and that he sees no legitimate alternative to replacing the entire original roof at this time. There is a time constraint to the project in that it needs to be done as soon as possible and between events already scheduled for the building this fall. Commissioner Basse will seek estimates from local contractors and a decision will be made at the August 20th meeting regarding the project.

Youth Alternatives Monthly Report

Youth Alternatives Director Alan Rossler reported that there are currently 12 participants in the program. No detentions or 48-hour holds last month. Mr. Rossler indicated that he has received preliminary notification on the program grant. Hot Springs County has been awarded at least \$14,346.00 for the next grant year. State Director Craig Fiskus is hoping there will be additional funds approved for the program from the OJJDP in the near future, but that is not a certainty at this time.

Planner Monthly Report

Planner Bo Bowman reported that the legal review of the Natural Resource Plan has been completed and he is working to incorporate the comments and suggestions into the document at this time. The Land Use Planning Board will be hearing a land use change request from Kevin Smith on August 21st. The Sand Draw and Kirby pit extension request is still in process – personnel changes within the BLM seem to be at least part of the reason for the delay at this point. Three septic permits have been approved and two inspections completed in the last month. Planner Bowman will be on vacation all next week.

TY Pickett Contract – Assessor's Office

County Assessor Shelley Deromedi presented the annual contract with Thomas Y. Pickett & Company for the Commissioners' approval. This company assists the Assessor's office with tax valuations of industrial properties within the county. The County Attorney has reviewed and approved the content of the contract. Mike Baker moved to approve the contract between Thomas Y. Pickett & Company and Hot Springs County for industrial appraisal assistance for fiscal year 2013-2014 in the amount of \$3,300.00. John Lumley seconded the motion. Motion carried

Supplemental Tax Bill

Assessor Deromedi presented the following supplemental as processed through the Treasurer's office:

1. Merit Energy Company - DOR NOVC 2013-0413 issued to correct discrepancy between Severance Tax Reporting and Annual Gross Products Volume Reporting, resulting in a supplemental tax notice for tax year 2010 in the amount of \$7,111.08.

Approve Mill Levies

Assessor Deromedi presented the 2013 Report of Valuation, Levies & Taxes for the Commissioners' consideration. Total assessed valuation for 2013 is \$228,461,507.00 and total mills levied were 75.733 for a total assessment of \$14,496,495.00. John Lumley moved to approve all 2013 Hot Springs County Mill Levies and Special Assessments as presented by the County Assessor. Mike Baker seconded the motion. Motion carried. The full mill levy listing document is available in the Clerk's Office for public viewing.

Other Business

Owl Creek Water District Water Supply Project CDBG Grant Draft Request # 20 – Clerk Odde presented Grant Draft Request #20 for the Owl Creek Water project. This GDR was presented too late for processing last month. John Lumley moved to approve the Wyoming Business Council Investment Ready Communities Grant Draft Request #20 for the Owl Creek Water District Water Supply project in the amount of \$42,375.00. Mike Baker seconded the motion. Discussion: Chairman Basse recused himself from discussion and voting due to his status as a subcontractor on this project. Motion carried. The Grant Draft Request will be signed by Vice-Chairman Baker. Motion carried with Baker and Lumley voting aye, Basse abstaining.

Owl Creek Water District Water Supply Project CDBG Grant Draft Request # 21 – Clerk Odde presented Grant Draft Request #21 for the Owl Creek Water project. John Lumley moved to approve the Wyoming Business Council Investment Ready Communities Grant Draft Request #21 for the Owl Creek Water District Water Supply project in the amount of \$32,478.00. Mike Baker seconded the motion. Discussion: Chairman Basse recused himself from discussion and voting due to his status as a

subcontractor on this project. Motion carried. The Grant Draft Request will be signed by Vice-Chairman Baker. Motion carried with Baker and Lumley voting aye, Basse abstaining

Correspondence

Library Board Minutes – June, 2013

Planning Board Minutes – June, 2013

HSC Planner – Record of Survey Requirement – Planner Bowman reviewed this letter to local Title companies and surveyors with the Commissioners so that they were aware of the Record of Survey requirement for property transfers involving lot division and/or boundary realignments.

Fire District Land Use Change Request Follow-up

Taylor Cornwell – Scholarship Thank You

State 4-H Office – 100 Year 4-H Anniversary Party Invite

HSC Assessor – Foote/Boren Split – Land purchased from neighbor. Planner has notified them that a record of survey must be filed to legalize this transaction. No survey has been filed yet.

Vallee/Vallee Split – Addition of spouse to deed

Yetter/Reinbold Split – Family split

FAA – AIP Project #3-56-0043-01 Amendment One Approval

State Parks Department – Historical Ranch Identification Request – This letter will be forwarded to Ross Rhodes, HSC Museum Director for a response.

Jenny Vass – Easement Request – After a review of Ms. Vass's letter, the Commissioners were advised by their attorney that the correspondence did not rise to the level of a legally actionable request. Ms. Vass will be directed to consult with the Planner and/or her attorney for suggestions regarding the requirements for submitting a formal request to obtain an easement across private property.

Airport Operations Summary – July, 2013

Wyoming Liquor Division – Sales Tax Delinquency Notice – Flying Dutchman

The Commissioners reviewed the foregoing correspondence. No further action was required at this time.

Executive Session – Potential Litigation

John Lumley moved to enter Executive Session to discuss potential litigation at 3:52 p.m. Mike Baker seconded the motion. Motion carried. Those present for the Executive Session included the Commissioners, Clerk Odde, County Attorney Jerry Williams, Administrative Assistant Herdt and Holland & Hart Attorney Maryt Fredrickson by phone. John Lumley moved to leave the Executive Session at 4:58 p.m. Mike Baker seconded the motion. Motion carried. No action was taken during the Executive Session.

As a result of the discussion in Executive Session, John Lumley moved to retain the law firm of Holland & Hart for services up to the amount of \$3,000.00 to file an appeal of the U.S. Dept. of the Interior's decision to take the Baird lands into trust for the Northern Arapaho tribe for agricultural and possible future gaming use. The purpose of the appeal is to preserve the rights of this and future county commissions to negotiate damages incurred by Hot Springs County as a result of any future use of the land for gaming purposes. Mike Baker seconded the motion. Discussion: Funds to come from Emergency Expenditures. The Governor's office has called and expressed interest in this decision also. Motion carried.

Adjournment

There being no further business to come before the Board at this time, Mike Baker moved to adjourn. Chairman Basse declared the meeting adjourned at 5:05 p.m.

Attest:

Brad Basse, Chairman

Hans Odde, Clerk to the Board
