Road and Bridge Supervisor Dave Schlager reported his crew is continuing with the fire number and road sign inventory. There are some of each that still need to be replaced. The snow plow blade has been mounted on the pickup for the maintenance department. Connie Kraft with the BLM has inquired as to the status of the County's Right-of-Way negotiations for CR-10 (Upper Cottonwood Creek Road). The

Commissioners indicated that negotiations are ongoing. Mr. Schlager will check with Jim Skelton and Ray Shaffer to see what they know about the situation as it currently stands.

Gooseberry Creek Bridge #EID – Mr. Schlager reviewed the letter from WYDOT denying the County's request to use BROS program funds to replace the bridge after WYDOT had downgraded the bridge to "Fair" condition at its last inspection. He is working with WYDOT to identify possible corrections to maintain the safety of the bridge.

Emergency Management Monthly Report

Emergency Management Coordinator Bill Gordon discussed a grant application to the Office of Homeland Security (OHS) for money to replace/upgrade the radios used on the WYO-Link system. The application was rejected, as Mr. Gordon expected it would be. The main point for filing the application was to remind the OHS that, statewide, the WYO-Link radios will reach the end of their useful life in approximately 5 years and that funding will be required to replace them.

Youth Alternatives Monthly Report

Director Barb Rice reported there are currently 13 participants in her program. There were many opportunities to complete Community Service Hours over the last month. Mrs. Rice is meeting with Dean Peranteaux regarding the camera system for her office this afternoon. Mrs. Rice is working with Craig Figus to revise the Quarterly Report form to make the required data collection more efficient. At this time two of his lots are designated for residential use and the third is designated for commercial use.

Aero Plus – Hangar Lot Line Discussion

Sylvia Lippincott with Aero Plus appeared to request a 5'2" extension of the west lot line for their leased property at the new airport. The Fire Marshall's office has stated that this is necessary to allow an inside firewall for the Lippincott's hangar rather than both an inside and an outside firewall. A phone call was placed to Pat Westerholm with the Fire Marshall's office in an attempt to determine if this additional footage could be added to the adjacent lot. Ms. Westerholm stated that, in her attorney's opinion, the footage must be added to the Lippincott's lot, and stated that the next step would be to appeal her decision to Mark Young. After further discussion, Brad

Basse moved to modify the exhibit describing the leased property from Aero Plus moving the west lot line 5'2" to the west and modify the lease to reflect that changed exhibit, with no change to the lease fees. Tom Ryan seconded the motion. Discussion: Sylvia Lippincott stated that she has the authority to agree to the exhibit and lease modification and she does agree to these modifications. Motion carried. GDA will provide Mrs. Lippincott with a copy of the modified lease and exhibit.

FAA AIP 3-56-0043-05-2015 / ATHP11F – Letter of Credit from Flight Services – The Commissioners reviewed a draft letter to Cheryl Porter with WYDOT Aeronautics outlining the credit received from the FAA refunding prepaid charges for the Flight Check of the PAPIs and REILs at the new airport. This credit of \$12,291.65 will be applied to a future grant reimbursement request. Brad Basse moved to authorize the chairman's signature on the letter. Tom Ryan seconded the motion. Discussion: the letter will be changed to reflect the new chairman. Motion carried.

Phase III/Phase IV Update – The gate has been fixed and is operating properly. The closeout reports for Phases III and IV should be available online for review within the week.

T-Hangar Separation – Discussion ensued regarding the fire marshal's separation requirement for the T-hangars. Mr. Gilb presented some options for the Commissioners' consideration. There appears to be enough money remaining in the grants to fund one of these options. An initial plan will be submitted to the fire marshal for consideration by GDA.

WES 2015 President's Project of the Year Award – The Commissioner considered a draft letter in support of GDA Engineers' submission of the Hot Springs County Airport for the WES 2015 President's Project of the Year Award. Brad Basse moved to approve the letter. Tom Ryan seconded the motion. Motion carried.

FBO Monthly Report

FBO Nate Messenger presented the December operations report, indicating there were 50 total operations in December. There were roughly 100 gallons of av gas sales, and no jet fuel sales last month. Stan Thomas has completed his T-Hangar and moved his plane to the new airport. Mr. Messenger gave a presentation to the Kiwanis group in January about the features and services available at the airport. He is working on the closure procedures for the old airport.

Guardian Life Flight Presentation

This cost of this service would be approximately \$3.00 per person for coverage. The Commissioners thanked Mr. Carroll for his presentation. No action was taken at this time.

Other Business

Clerk Printer / Scanner Request – Clerk Webber asked the Commissioners to approve the purchase of a printer and a desktop scanner for her office. The main office printer has been breaking down frequently and new parts do not seem to be available. As this printer is used very heavily during elections, Clerk Webber stated that it is imperative to replace it in advance of the upcoming elections. There has been some difficulty using the copier/scanner in the office as a scanner for recorded documents. Dean Peranteaux (TCI) and Brian Johnson (WYCATS) agree that the most efficient approach to resolving the scanning problems would be the installation of a desktop scanner to be used with the WYCATS program. Clerk Webber presented quotes for both the printer and the scanner from TCI for the Commissioners' consideration. Brad Basse moved to authorize the purchase of the printer in the amount of \$469.99 and the desktop scanner in the amount of \$699.99, with funds to come from Courthouse Equipment. Tom Ryan seconded the motion. Motion carried.
