COUNTY OF HOT SPRINGS)

OFFICE OF THE BOARD OF
COUNTY COMMISSIONERS
THERMOPOLIS WYOMING
February 2, 2016

The Hot Springs County Board of Commissioners met in regular session on Tuesday, February 2, 2016 at 9:00 a.m. in the Commissioners Room at the Courthouse.

Present were Commissioners Brad Basse, John Lumley and Tom Ryan. Also present were County Clerk Nina Webber, County Attorney Jerry D. Williams and Administrative Assistant to the Commissioners Penny Herdt. Chairman Lumley led those present in the Pledge of Allegiance.

Approval of Agenda

Brad Basse made a motion to approve the agenda with the following additions:

ADD: Other Business 5. Wyoming Public Lands Initiative Discussion
Executive Session Personnel (After bills are paid)

Tom Ryan seconded the motion. Motion carried.

Approval of Minutes

Tom Ryan made a motion to approve the minutes of the regular meetings on January 5th and 19th as submitted. Brad Basse seconded the motion. Motion carried.

FBO Monthly Report

Nate Messenger reported thirty-eight total operations at the airport last month. The Commissioners authorized Mr. Messenger to replenish the fuel supply as needed until the new tanks are installed and operational. Mr. Messenger relayed a request for plowing of the runway at the old airport and received authorization from the Commissioners to do so. The remaining fuel in the tank at the old airport will be pumped out and added to the County fuel supply at the bus barn by the end of the week. Mr. Messenger reported on repairs to equipment at the new airport. There were several non-aircraft related visitors to the new airport last month checking out the facility.

Road and Bridge Monthly Report

Road and Bridge Supervisor Dave Schlager reported that the sign inventory is finished and replacement signs have been ordered. Pit run has been piled at the County pit for upcoming projects. The new pickup has arrived. Material has been stockpiled on East River Road in anticipation of the guardrail project. Mr. Schlager noted that he has had eight inquiries so far regarding the upcoming crushing project. The quote for replacing the asphalt approach as part of the Fairbuilding drainage project is \$5,508.00. The project is still substantially below the amount budgeted for it.

Maintenance Monthly Report

Maintenance foreman Chuck Carver presented the request for proposals and specifications for the Courthouse blind replacement project for the Commissioners' approval. The RFP and specs were approved with a bid due date of April 4th by 5:00 p.m., bids to be opened at the Commissioners meeting on April 5th.

Museum Roof Project – The advertising for final payment on the roof project will begin immediately. Mr. Carver noted that there is still water coming in at ground level at the back door to the Museum. The Maintenance department is working to address this problem with repairs expected to be completed in the spring. Mr. Carver was asked to work with the Museum Board to determine how to proceed with the façade repair for the Museum.

Jail Visitation Area – The majority of the work for the refurbishment of the Jail visitation area has been completed. The acoustic panels have arrived and are ready for installation. The unisex bathroom has been completed. A letter will be drafted to Frank Robbins thanking him for his contribution to the project and updating him as to its status.

General – A pump seal has been replaced in one of the pumps in the Courthouse. One of the smoke detectors in the Annex air handler failed and repairs are underway. A temperature sensor has also been replaced in the HVAC system at the Annex.

Youth Alternatives Monthly Report

Youth Alternatives Director Barb Rice reported there are currently twelve participants in the program. The At-Risk Team is meeting on the first Wednesday of the month. The surveillance camera audio/video system has been installed. It is not yet being monitored in Dispatch in the Law Enforcement Center. Commissioner Basse will work with the Chief of Police and the County's IT person to try to resolve any issues to allow monitoring by Dispatch going forward.

County Advertising Discussion

Representatives from the Bighorn Radio Network and Revenue Development Resources outlined a proposed promotion involving radio and print advertising for promotion of County events for the Commissioners. No action was taken at this time.

Other Business

Shafer #1 Well Permit Application – After reviewing Steve Shafer's application for a permit for a well to be located in Lot 3 of the Charmac Subdivision, Tom Ryan moved to approve the Shafer #1 Well Permit application. Brad Basse seconded the motion. Discussion: the County's geological consultant, Dan Wychgram, has reviewed the application and recommends approval. Motion carried

Petition for Point of Diversion & Partial Means of Conveyance Change – Notification has been received from the State Engineer's Office that a Petition for Point of Diversion & Partial Means of Conveyance Change for the Cagney Ditch and several enlargement permits delivered through the Close & Bader Ditch needs to be filed through the Owl Creek Water District Board on behalf of the affected landowners named in the notification. Brad Basse moved that the Commissioners request the Planner's assistance to draft a letter to the Owl Creek Water District Board regarding the Petition for Point of Diversion & Partial Means of Conveyance Change relative to the properties on Owl Creek. Tom Ryan seconded the motion. Motion carried.

Wellness Program Guidelines Review – Clerk Webber presented the HSC Wellness Guidelines 2016-2017 for the Commissioners' review and signature. Clerk Webber reviewed the changes from the 2015-2016 Guidelines. Brad Basse moved to approve the HSC Wellness Guidelines for 2016-2017 as presented. Tom Ryan seconded the motion. Motion carried.

Bank of Thermopolis Depository Resolution – Tom Ryan moved to accept the Bank of Thermopolis' resolution to act as a depository for County funds as passed at the BOT Board of Directors meeting held on November 25, 2015. Brad Basse seconded the motion. Motion carried.

Wyoming Public Lands Initiative Discussion – Washakie County is working with ERG to develop a presentation to be used during public meetings to gather input regarding Wilderness Study Areas (WSA's) in their county. Hot Springs County shares one WSA with Washakie County – Cedar Mountain. The Commissioners agreed to work with Washakie County on this project.

Hot Springs County Counseling Center Application Support Letter – HSCCC Director Al Braaten presented the Commissioners with a letter of support for the Counseling Center's application to renew its contract with the State of Wyoming to provide mental health and substance abuse treatment services for Hot Springs County for fiscal year 2017. Tom Ryan moved to approve a letter of support to Dania Ballard with the State Behavioral Health Division for HSCCC's contract renewal application. Brad Basse seconded the motion. Motion carried.

County Planner Monthly Report

Planner Bo Bowman reported that the Natural Resources Planning Committee will meet next week, and the Land Use Planning Board meets on the 17th. Work continues on the Small Wastewater Permit database. Mr. Bowman noted he is up to 2003 with this project.

Emergency Management Monthly Report

NIMS Implementation Executive Order-Resolution 2016-07 – Emergency Management Coordinator Bill Gordon presented Resolution 2016-07 designating the National Incident Management System (NIMS) as the basis for all incident management in Hot Springs County for the Commissioners' consideration. This resolution was approved in 2004 as the NIMS Implementation Executive Order, but due to a change in procedure at the State Level, Mr. Gordon would like to have it passed as a resolution and signed by the Commissioners. Tom Ryan moved to approve Resolution 2016-07 as follows:

**NIMS IMPLEMENTATION EXECUTIVE ORDER
RESOLUTION 2016-07**

DESIGNATION OF THE NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS) AS THE BASIS FOR ALL INCIDENT MANAGEMENT IN THE COUNTY OF HOT SPRINGS, WYOMING

WHEREAS, The Presidential Policy Directive (PPD-8), directed the Secretary of the Department of Homeland Security to develop and administer a National Incident Management System (NIMS), which would provide a consistent nationwide approach for federal, state, local and tribal governments to work together more effectively and efficiently to prevent, prepare for, respond to, and recover from domestic incidents, regardless of cause, size or complexity;

WHEREAS, the collective input and guidance from all federal, state, local and tribal homeland security partners has been, and will continue to be, vital to the development, effective implementation and utilization of a comprehensive NIMS;

WHEREAS, it is necessary and desirable that all federal, state, local and tribal emergency agencies and personnel coordinate their efforts to effectively and efficiently provide the highest levels of incident management.

WHEREAS, to facilitate the most efficient and effective incident management it is critical that federal, state, local and tribal organizations utilize standardized terminology, standardized organizational structures, interoperable communications, consolidated action plans, unified command structures, uniform personnel qualification standards, uniform standards of planning, training and exercising, comprehensive resource management, and designated incident facilities during emergencies or disasters;

WHEREAS, the NIMS standardized procedures for managing personnel, communications, facilities and resources will improve the state's ability to utilize federal funding to enhance local and state agency readiness, maintain first responder safety and streamline incident management process.

WHEREAS, the Incident Command System components of NIMS are already an integral part of various incident management activities throughout the state, including current homeland security/emergency management training programs;

WHEREAS, the National Commission on Terrorist Attacks (9-11 Commission) recommended adoption of a standardized Incident Command System,

Hot Springs County, Wyoming, does hereby establish the National Incident Management System (NIMS) as the standard for incident management.

GIVEN under our hand this 2nd day of February, 2016

BOARD OF COUNTY COMMISSIONERS

ATTEST:

Hot Springs County, Wyoming

Nina Webber, County Clerk

John Lumley, Chairman

Thomas J. Ryan, Vice-Chairman

Brad Basse, Commissioner

Brad Basse seconded the motion. Motion carried.

Regional Mitigation Planning – Mr. Gordon presented a draft letter to the Office of Homeland Security (OHS) serving as notice of the County's interest in participating in a regional mitigation planning effort for the Commissioners' consideration. The State has divided Wyoming into five regions and agreed to fund FEMA-approved mitigation plans for each region. One advantage to having a FEMA-approved plan in place is the resultant eligibility to apply for federal mitigation grant funding should the need arise. Tom Ryan moved to approve the Chair's signature on the letter notifying the OHS of Hot Springs County's intent to participate in the regional mitigation planning process. Brad Basse seconded the motion. Discussion: Bill Gordon will serve as the County's point of contact for the regional mitigation planning process. Motion carried.

General – Responding to questions regarding a memo received from the OHS regarding FY 2016 EMPG Work Plan Project Applications, Mr. Gordon reported that this does not apply to the EMPG funding received annually for his position. It only applies to other entities who might want to submit a specific project for funding. The Commissioners congratulated Mr. Gordon on his letter of commendation from Governor Matt Mead regarding his job performance.

Public Hearing – Legend Rock Subdivision

Planner Bo Bowman reviewed the application from the Archeological Conservancy, representing Legend Rock Resources and the State of Wyoming, to approve the following:

1. A Preliminary Subdivision Plat to establish two lots of approximately 17.88 acres and 3.30 acres (Lots 1 and 3);
2. A resurvey of an existing 29.94 acre State parcel (Lot 2); and
3. A Land Use Change to reclassify Lots 1 and 3 as Residential or Institutional.

The subject property is a portion of the northeast quarter of Section 10, Township 44 North, Range 98 West. Located southeast of West Cottonwood Creek Road (County Road 15-10), approximately 1.5 miles southwest of its intersection with Hamilton Dome Road. The State-owned portion of the property is generally known as the Legend Rock Petroglyph Site. This application has been reviewed by the Land Use Planning Board and forwarded to the Commissioners with a “do-pass” recommendation, subject to four conditions of approval. Chairman Lumley opened the hearing to public comment at 11:35 a.m. Comments in favor of the application were received from State Parks representatives John Fish and Kevin Skates. Scott Lewis, the surveyor who prepared the preliminary plat, noted that there has been a reduction in Lot 3 to 2.98 acres, as shown on the plat. After three calls for further public comment, receiving none, Chairman Lumley declared the public hearing closed at 11:40 a.m. The Commissioners completed the Absolute and Relative Policies checklists. Brad Basse moved to approve the preliminary plat for the Legend Rock Subdivision and related land use change request from agricultural to institutional with the following conditions:

1. This preliminary plat shall expire one year after the date of its approval. The final plat for this subdivision shall be submitted for the County’s review and approval prior to that expiration.
2. A Weed Management Plan shall be submitted for the review and approval of staff.
3. A notation shall be placed on the Final Plat stating that any future septic system on Lots 1 and 3 must be permitted through the Hot Springs County Planning Office.
4. A notation shall be placed on the Final Plat stating that Lots 1 and 3 shall not be used for residential purposes, but are intended to protect existing archaeological features and to enhance public interpretation of those features. This may be accomplished by placing on the plat the restrictions of use that are outlined in the Donation Agreement, if the applicant and landowner so desire.

Tom Ryan seconded the motion. Discussion: the Commissioners found that all the Absolute Policies had been complied with, and scored the Relative Policies checklist as follows – Basse +12, Ryan +10, and Lumley +6. Motion carried.

Public Hearing – Former HSC Airport Redevelopment Study Grant Application

Dustin Spomer outlined the CDBG application process for funds for a Redevelopment Study regarding the old Hot Springs County Airport property. Chairman Lumley opened the public hearing at 1:02 p.m. State Park representative Kevin Skates discussed the bordering lands owned by the State and how that all ties in with the ongoing development of the new Master Plan for the State Park. Dan Wychgram distributed literature relating to some ideas he has regarding the old airport property. After three calls for further comment, receiving none, Chairman Lumley declared the public hearing closed at 1:05 p.m. The Commissioners then proceeded to consider Resolution 2016-06 regarding the CDBG Application.

Resolution 2016-06 – CDBG Application – Airport Redevelopment Study

Brad Basse moved to approve Resolution 2016-06 as follows:

RESOLUTION No. 2016-06

CDBG APPLICATION – AIRPORT REUSE STUDY

A Resolution authorizing the submittal of a Community Development Block Grant (CDBG) application to the Wyoming Business Council for the purpose of conducting a feasibility study to determine the re-development options for the former Hot Springs County Airport to determine the best option to serve the general public. The focus of the study will explore options including, but not limited to, benefit for low or moderate income families, increased recreation area, increased business expansion, and other community growth options, as well as cost estimates to implement the identified alternatives.

WHEREAS, Hot Springs County desires to conduct a study exploring all feasible options with the idea of re-developing and/or repurposing the former Hot Springs County Airport property and;

WHEREAS, Hot Springs County wishes to finance the project with funding from a CDBG grant;

NOW, THEREFORE, BE IT RESOLVED BY Hot Springs County, that a Site Specific Feasibility Study CDBG grant application in the amount of \$15,000 will be submitted to the Wyoming Business Council with a match of \$5,000 being provided by Hot Springs County.

BE IT FURTHER RESOLVED that the Chair of the Board of County Commissioners as the chief elected official will be the authorized representative of Hot Springs County to act on matters relating to this grant application.

Dated this 2nd day of February, 2016

John Lumley, Chairman

Tom Ryan, Vice-Chairman

Brad Basse, Commissioner

Tom Ryan seconded the motion. Motion carried.

ATTEST:

Nina Webber, County Clerk

Airport Update

FAA AIP-04-HSC-04-RFR-22/WYDOT-Aeronautics Division THP-11E RFR #22 – Dustin Spomer presented FAA AIP-04 and WYDOT-Aeronautics Division THP-11E RFR #22 for the Commissioners' approval. Brad Basse moved approval of FAA Project 3-56-0043-04 RFR #22-HSC-04-RFR-22 in the amount of \$4,742.84. Tom Ryan seconded the motion. Motion carried. Tom Ryan moved approval of WYDOT-Aeronautics Division Project THP-11E RFR #22 in the amount of \$421.58. Brad Basse seconded the motion. Motion carried.

FAA AIP-05-RFR-#9 / WYDOT-Aeronautics Division ATHP-11F RFR #9 – Mr. Spomer presented FAA AIP-05 and WYDOT-Aeronautics Division ATHP 11F RFR #9 for the Commissioners' approval. Brad Basse moved approval of FAA Project 3-56-0043-05-2015 RFR #9 in the amount of \$6,712.17. Tom Ryan seconded the motion. Motion carried. Tom Ryan moved approval of WYDOT-Aeronautics Division Project ATHP-11F RFR #9 in the amount of \$596.64. Brad Basse seconded the motion. Motion carried.

WYDOT-Aeronautics Division THP-12A Request for Reimbursement #13 – Mr. Spomer presented WYDOT-Aeronautics Division THP-12A RFR #13 for the Commissioners' approval. Tom Ryan moved approval of WYDOT-Aeronautics Division THP-12A RFR #13 in the amount of \$134.33. Chairman Lumley seconded the motion. Discussion: Commissioner Basse abstained from the discussion and vote due to his status as a subcontractor on the project. Motion carried.

Phase V Update – Change Order No. 5 – No action was required today as this change order will be held open until the installation of the fuel tanks has been completed.

SRE/Terminal Building Update – The shop emission detection system in the SRE building is still not working properly. Big Horn Heating & Cooling has been contacted to make the necessary repairs.

Sign Update – There is an ongoing discussion regarding responsibility for the cost of the panel for the airport sign. The Commissioners asked the GDA continue to work toward a resolution of this issue with the contractor prior to final payment being issued.

Fuel Tank Update – The tanks are expected to be delivered by the end of February. Commissioner Basse asked Mr. Spomer to ascertain whether the contractor has obtained the services of a certified installer at this time. Commissioner Basse will follow up on the long-term fuel supplier agreement and the credit card agreement.

Fire Marshall Issues – Commissioner Basse continues to work with Pat Westerholm in the State Fire Marshall's office to resolve the plan review issues regarding the hangars at the new airport.

Closure of Old Airport – No date has been finalized for the closure of the old airport. The issues with the State Fire Marshall's office must be resolved before a date can be set.

WACIP Update – Mr. Spomer reported that WYDOT has completed final review of this year's WACIP. The only change made to the draft WACIP was the moving of the Master Plan revision to 2022 and concurrent extension of the entitlement money for an extra year. As the Commissioners have no objections to the current plan, no action is required at this time.

Water Tank – Mr. Spomer noted that the large water tank located on the hill just below the old airport still has **AIRPORT** painted on it, and asked if the Commissioners wanted to look into having that painted over. Commissioner Basse will discuss this with the Town.

Correspondence

Haylee Hoffman – Scholarship Thank You
