Emergency Management Monthly Report

Emergency Management Coordinator Bill Gordon and TCI representative Dean Peranteaux presented a quote for computer equipment required to establish the Alternate Government Operations Site at either the fire hall or the Search & Rescue building. Establishment of an AGOS would allow live continuity of operations for individual departments as well as the entire Courthouse/Law Enforcement Center if necessary. Mr. Gordon noted that the purchase of this equipment is fully reimbursable through Homeland Security funds. There would be an additional cost for data connectivity to the AGOS of \$667.00/month. Mr. Gordon stated that this cost could be paid from the E-911 surcharge funds received by the county. Mr. Peranteaux suggested that a better choice might be a radio data link, which would involve the construction of a tower and wireless links between the Courthouse and the AGOS. While involving a higher initial cost, the payout would be approximately 3 years with a 7 to 10-year lifespan and, as equipment is involved, funds could be used from Homeland Security as well as E-911 funds. Mr. Peranteaux will return with a quote for installation of the radio system. Mr. Gordon presented a Memorandum of Understanding between Hot Springs County and the HSC Fire District #1 to use the Fire Hall as an AGOS for the Commissioners' and the County Attorney's review, with action to be taken on the MOU at a future meeting. Tom Ryan moved approval of the quote from TCI for provision of computer

equipment to establish an AGOS at the fire hall in the amount of \$22,661.96. Funds to be expended initially from Emergency Expenditures, with Homeland Security reimbursement funds to be returned to Emergency Expenditures when received. Brad Basse seconded the motion. Motion carried. Mr. Gordon and Mr. Peranteaux will investigate the purchase of a generator as part of the AGOS installation to determine if sufficient Homeland Security funds remain after purchasing the computer equipment to purchase the generator. This will be discussed further at the May 17th meeting.
